THE LAB ROOM

WELCOME TO MY WORLD, WHERE THE ETHEREAL AND THE SUBTLE
BLEND IN A HARMONY OF ESSENCES THAT LINGER IN MEMORY LONG
AFTER WE ARE GONE.

It is one of the favorite beauty salons of both national and international celebrities, known as a benchmark of holistic and cosmopolitan beauty in Spain, and a pioneer in bringing new trends to the country.

The Lab Room Beauty Collection is sold at Fred Segal in Los Angeles and California, Orlando Pita's Salon in NYC, La Beauté in Hong Kong... Currently, one of its star products has been awarded the Editor's Choice prize at the Beauty Shortlist Awards.

Natalie Portman, Gwyneth Paltrow, Jennifer Lopez, Plácido Domingo, and Penélope and Mónica Cruz have all trusted The Lab Room.

THE LAB ROOM BEAUTY COLLECTION IS AN EXCLUSIVE, UNISEX, SOPHISTICATED, COSMOPOLITAN, AND INNOVATIVE COSMETIC LINE CREATED AS AN ALTERNATIVE TO MASS-MARKET BEAUTY PRODUCTS.

The Lab Room Beauty Collection brings together ancient perfumery and cosmetic traditions from ancestral worlds, taking us on a journey through the five senses...

Textures, scents, and sensations are essential elements of the collection's concept. The long-dreamed-of freshness of the Mediterranean surrounds us with citrus notes, fig tree aroma, and orange blossom from the fields... The mystery of Asia emerges in soft bursts of ylang-ylang, myrrh, and bourbon geranium... and always the scent of roses, the sensuality of jasmine, the longevity of cedarwood...

EXCLUSIVITY FOR THE WORLD'S FINEST HOTELS

Mónica Ceño specializes in creating bespoke perfumes for hotels, is a skin expert for L'Oréal Paris, and the founder of the beauty salon The Lab Room and its exclusive cosmetic lines based on aromatherapy and botanical extracts.

Another one of her creations is a luxurious set of amenities made exclusively for the world's finest hotels, crafted with exquisite ingredients and fragrances. These products bring the beauty ritual experience into the hotel room, helping to keep skin and hair healthy—wherever you are.
