

ELOTE 🌽

Things are not
always what they
seem to be

Aware and surprising at the same time
Elote is designed for hotels that pay great attention to the environment,
recycling and reuse of resources. Its modern and fun design aims to
raise awareness and surprise guests.

DISPENSERS 300ML

With its unique scent of green tea and colorants-free, Elote comes in bottle dispensers of 300ml, made of recycled plastics. Gel-shampoo, conditioner, body-lotion and hand-wash are available.

COMPLEMENTS

Both packaging and the interior of the products (razor, toothbrush, shower cap and comb) are made out of ingredients that come from a **natural origin** such as **cornstarch and cellulose**, what carries a lower energetic cost and less pollution.

The rest of the products that complete the Elote collection are: a vanity kit, a shoe polish sponge, a sisal sponge, tissues and a sewing kit.
