

HIERBAS DE IBIZA

— PERFUMES —

Your daily celebration of life

A PERFUME THAT EVOQUES THE ESSENCE OF THE ISLANDS NATURE.

Hierbas de Ibiza is a brand that has conceived one of the most successful products in the island so far. Its perfume was originated as an exclusive fragrance the Torres jewellers offered to their clients. However, the current generation took the essence and they traded it all over the world.

THE BRAND

Hierbas de Ibiza is considered a cultured brand which honors the spirit of the island: true comfort lies within the daily small pleasures. This is the reason why the amenities are perfect for those polished and enchanting hostings that want their clients to feel at home.

FRAGRANCE

Lavender

From the Mediterranean Sea, with love. It owns a clean smell that everybody likes.

Aloe Vera

Every house in the island used to have it. We use the variety Barbadensis Miller, the one with a largest number of properties.

Lemon and Orange Peel

That revitalizing punch comes from the citrics

Orange Blossom

Floral base notes with a strong Spanish emphasis.

Jasmine

¿Quién no se ha embriagado alguna vez con su aroma pasando junto a él al atardecer?

Rosemary

So abundant in the island that we recolect it ourselves

Sage

The essential oil we obtain from the sage grown in Ibiza unleashes in our fragrance its unmistakable personality.

Thyme

An old well-known plant from the island that brings forward unique aspects to the fragrance.

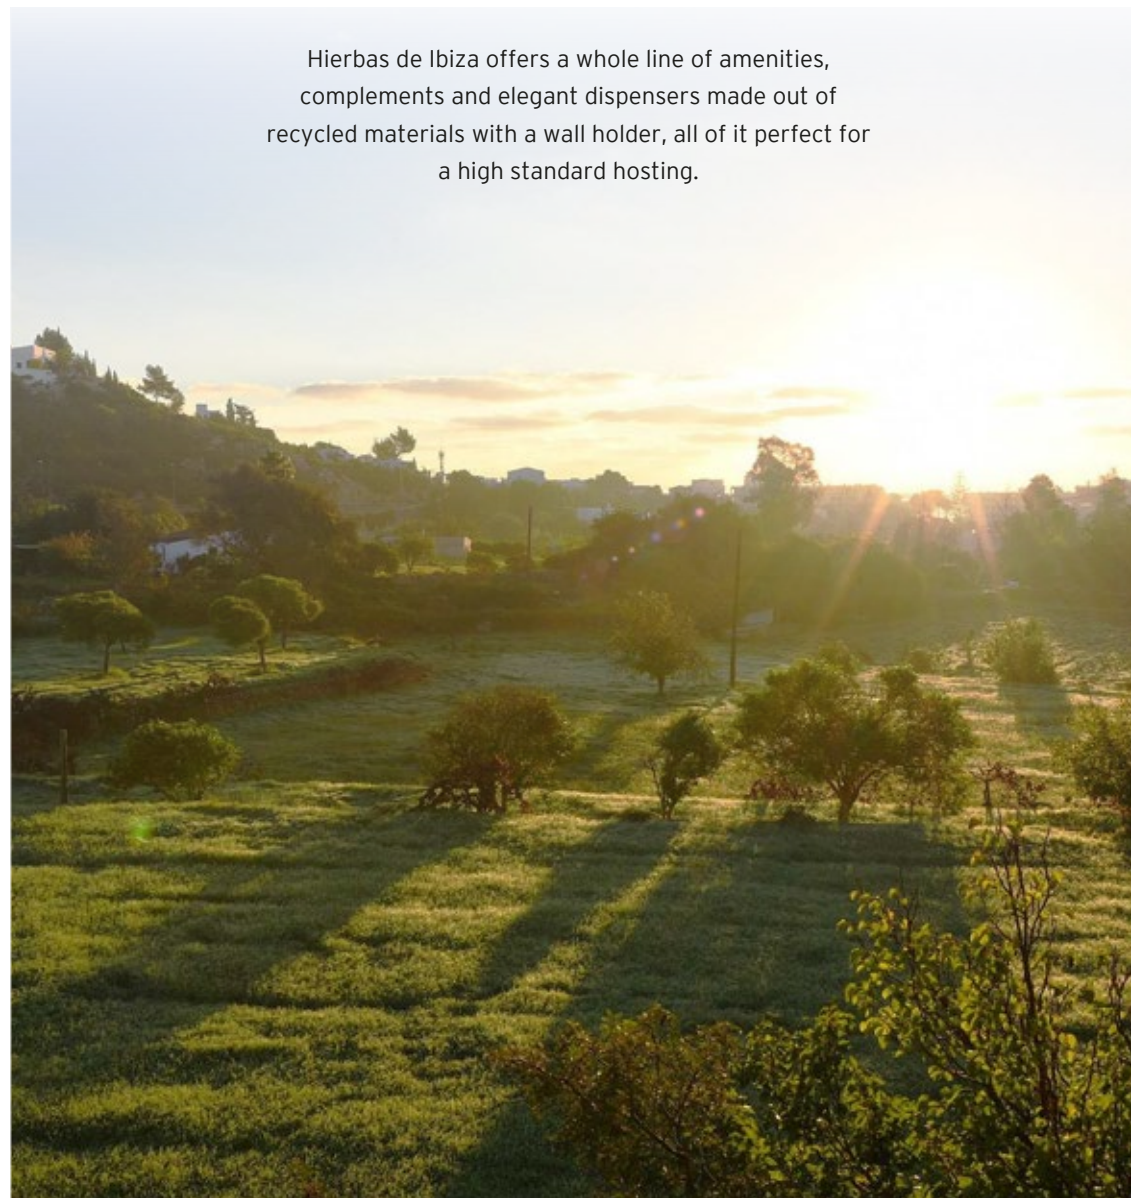

Almond

Can you appreciate that nice feeling of elasticity and moisture in the skin?
It is not coincidence...
